- Health Section will provide two tractors for excavator for transportation of desilt materials. Excavators will directly load the silt to tractors during excavation/cleaning. During transit period of tractors, excavator will stacked the excavated silt on road which will be removed within 24 hours engaging health section tractors in afternoon without hampering daily SWM work. Excavators should not be idle in any situation.
- JEs/AEs should submit daily progress report as per format enclosed to Swagatika Mohanty, JE for record.
- JEs/AEs concerned will sign the log book daily. Night time mechanical desilting should be taken up in busy areas as per instruction communicated earlier. Log book should be verified by the concerned engineer in charge of excavators & tractors.
- S.I & Jamadar of above locality to supervise the desilting work and ensure for removal of silt from drain site to approved dumping yard.
- AE (Mech.) should take up repair & maintenance works of excavators & ensure no impediment of desilting work due to break down of excavators.
- Executive Engineers will review the desilting work daily & sort out the issues if any.
- Any deviation will be seriously viewed.
