With reference to the Tender No: 793/HO, Dated- 15.03.2024 for Tender for Request for Quotation For "Annual rate contract for supply and operation of Power Screen (Make- Terex Warrior-1200) Machineries on hiring basis in Cuttack Municipality" the last date for receiving of Technical & Financial Bids which was on 21/03/2024 has been extended to 02/04/2024 till 05.00 PM and the bids shall be opened on 03/04/2024.

Commissioner

Cuttack Municipal Corporation, Cuttack

Reply to Pre- Bid Queries for " Annual Rate Contract for Supply and Opeartion of Power Screen(Make-TEREX WARRIOR -1200) Machineries on hiring basis in Cuttack Municipality

Sl.No	Queries Raised by Jagruti Welfare Organisation	Reply to the Queries Raised
1	First of all we would like to request you to extend tender due date for at least 15 days	As per the direction of Hon'ble NGT and the pressure from Hon'ble High Court of Odisha it is not permissible to extend the date to further 15 days, rather it can be extended for another 7 days.
2	As the machine "TEREX WARRIOR-1200" is a high-end machine and its procurement needs at least 2 months from the date of order so we request you kindly allow the bidder at least 2 months from the date of LoA to deploy the machine.	As mentioned earlier regarding the emergent need of the machine, it has to be deployed and made operational within 15 days from the date of LOA.
3	As the above Terex machine is not coming under the Motor Vehicle Act and hence MV documents such as, valid Registration Certificate, Insurance Certificate, Fitness Certificate, valid Contract Carriage Permit proof of up-to-date tax payments etc. is not applicable. Therefore we request you to amend suitably.	The said certificates shall be submitted for the associated machineries for opeartion and management of TEREX WARRIOR-1200
4	As per Terms and Condition, Clause No-29, It is mentioned that "Quoted rate shall be valid for 3 (Three) years" we request you, kindly extend the Contract Period from 6 months to 3 years so as to enable the project viable.	The quoted rate shall be valid for 1 year and initially the machine will be hired for 6 months which may be further extended as per requirement.
5	As per Terms and Condition, Clause No-M it is mentioned that "All the expenditure of the Mechanical Equipment towards repair, replacement of spare parts Lubricating oil of Engine, Gear Box & differential coolant, Tires & Tubes, Battery etc. will be borne by the bidder" and "Hiring Cost shall include total management of operation of the said machineries including manpower & POL". Kindly Clarify whether fuel for	All operation and management cost of the machine shall be borne by the bidder which includes fuel.

6	Machine operation running and maintenance involves many factors such as fuel, repair & maintenance, Driver/Helpers Salary etc. and all these costs are increasing day by day, so we request you kindly allow the escalation clause suitably with respect to Labour Cost, Fuel cost and maintenance cost.	No escalation of the cost for a period of one year is allowed
7	Further As per Terms and Condition, Clause No-30 "it is mentioned that "No. of Machine will increase / decrease as per the requirement of the CMC". We request you kindly quantify the exact number of machinery CMC desires from the bidder. As it is a high value machine, bidder has to procure the same as per the exact requirement of the CMC.	Minimum Order Qty.-02 Nos.
8	As per Page-7 of RFQ, Clause 2 it is mentioned that "Project Details Broadly, the Project involves the remediation of the unprocessed legacy mixed waste but is not limited to excavating compacted mixed solid waste which underwent biological degradation, by using suitable Mechanical Sieving Machine or any other appropriate equipment and taking all the materials excavated, in the assigned land areas and retrieving, recoverable materials and segregating, sorting, selling, co-processing, storing, diverting for recycling the excavated materials and undertaking any other process notified by CPCB, MoHUA and Govt. of Odisha guideline applicable for processing of legacy waste, so as to achieve the objective of Zero residue dumpsites at the above locations". In this regard, we would like to inform you that, remediation of legacy waste and its processing depends upon joint Team effort and various factors such as deployment of different high-end machineries / equipment and heavy vehicles e.g. Chain mounted excavators, tyre mounted excavators, Hyva/ Tippers and intervention of human resources etc. All the resources used for the	All the machineries and man power associated with the TEREX WARRIOR – 1200, shall be supplied by the Bidder for smooth operation. The bid cost shall include all the management as well as association machineries cost. The bidder also has to submit the detailed breakup of the price bid with the list of all Machineries involved in operation of TEREX WARRIOR-1200

ME

said mechanism should run in tandem with each other, so that the processing of legacy waste would be smooth and effective.

Hiring of only power screen machine like Terex warrior 1200 may not be the total solution for achieving the Biomining of legacy waste vis- a- vis reclaim of land of the proposed Biomining site under CMC.

So, kindly clarify the exact role of this machine (Terex) supplier and who will be in- charge for supervision / coordination of site for smooth operation of the project? If other machines will not work at site, then what will be the use of Terex and if idle, then what about the payment to be made?

And the list of machineries to be deployed for excavation and feeding of legacy waste to the power screen machine (Terex).
